

GRANT WESTFIELD

Naturepanel wins Ideal Home Award for Best Bathroom Surface

Naturepanel, the award-winning brand of waterproof wall panels from Grant Westfield, has received further recognition after picking up the Ideal Home Award for Best Bathroom Surface.

The Ideal Home Awards, which are now in their 5th year, celebrate excellence in home design and honour the very best in interiors and innovation. A panel of judges, made up of the Ideal Home editorial team and fellow industry experts picked the winners, who were revealed on 3rd June at an exclusive ceremony at Mr Fogg's Botanical Tavern & Treehouse in London.

Inspired by nature, the Naturepanel Collection, which also won Best Surface of the Year at the 2024 KBBFocus Awards, provides an effortless, modern alternative to traditional wooden slat walls without the need for any specialist tools or skills.

Incredibly easy to maintain, Naturepanel is completely waterproof, making it ideal for use in the bathroom, including in shower areas or around baths, as well as other high traffic areas such as kitchens, dining and living rooms. The collection is available in three decors - Bleached Cuneo Oak, Brown Cuneo Oak and Warmia Walnut.

GRANT WESTFIELD

John Mortimer, Managing Director at Grant Westfield, says: “

Naturepanel brings a new level of elegance, functionality, and sustainability to bathroom design. All Naturepanel products feature our innovative Hydrolock system for easy 100% waterproof installations. From the sleek lines and modern finishes to the eco-friendly materials used, Naturepanel redefines what it means to have a stylish and sustainable bathroom. We are thrilled that this commitment to exceptional design and environmental responsibility has been recognised at the Ideal Home Awards”
